## **Major Taylor Cycling Club San Diego Raises \$1,000 for the Jacob & Cushman San Diego Food Bank to Support Local Families**

San Diego — Major Taylor Cycling Club San Diego (MTCCSD) is proud to announce the successful completion of its latest community fundraising initiative, resulting in a \$1,000 donation to the Jacob & Cushman San Diego Food Bank. This effort reflects MTCCSD's strong commitment to supporting San Diego families and addressing food insecurity across the State.

The fundraiser, driven by club members, partners, and supporters, reinforces MTCCSD's mission to uplift the community through service, advocacy, and the collective power of cycling.

“Community service has always been at the heart of who we are,” said Dennard Clendenin, the President of MTCCSD. “Riding together means supporting each other — and supporting the city we call home. We are honored to support the Jacob Cushman Facility in their essential work feeding families across our county.”

The Jacob & Cushman San Diego Food Bank distributes food to hundreds of thousands of people every month, including seniors, children, military families, and individuals facing hardship. MTCCSD's donation will help provide meals and essential supplies during a time when many households continue to struggle with rising costs and food access challenges.

This fundraiser is part of MTCCSD's ongoing commitment to community outreach, health, and wellness. By harnessing the unity and discipline of cycling, the club continues to champion initiatives that go beyond the bike path and directly benefit our fellow San Diegans.

### **About Major Taylor Cycling Club San Diego (MTCCSD)**

Major Taylor Cycling Club San Diego (MTCCSD) is a community-based, nonprofit cycling organization inspired by the achievements and legacy of Marshall “Major” Taylor, the first African American world champion cyclist. MTCCSD promotes health, diversity, camaraderie, and community empowerment through cycling events, service initiatives, and partnerships throughout San Diego County.
